

Automated People Mover (APM) System

- Service available every two minutes with average wait of one minute
- Consists of two separate loops:
 - Ground Transportation Center non-stop to the Central Terminal Area (CTA) in approximately 5 minutes
 - Intermodal Transportation Center to the CTA with only one stop at the Consolidated Rental Car Facility (RAC)
- Travel time from the ITC to the CTA is less than 8 minutes
- Travel time between the RAC and the CTA is less than 4 minutes
- All trains will be designed to easily accommodate rolling luggage and baggage carts
- Trains will travel on elevated structures so as not to interfere with existing roadways
